Dear Mr. Setlur,

have

I just received your letter of the 1st June, about the Abkur Murder Case.

The matter, you refer to, must be pending disposal somewhere in the Secretariat. I have not seen the petition myself. If people are inclined to attribute all sorts of motives to me, I can only feel sorry and ~~be quiet~~ let the rest to time.

I shall, of course, ~~take~~ ^{that} enquiries about this particular matter and try and see it is disposed of without further delay. I agree with you that delay in such matters is extremely inadvisable and should be avoided as far as possible.

Yours sincerely,

M
